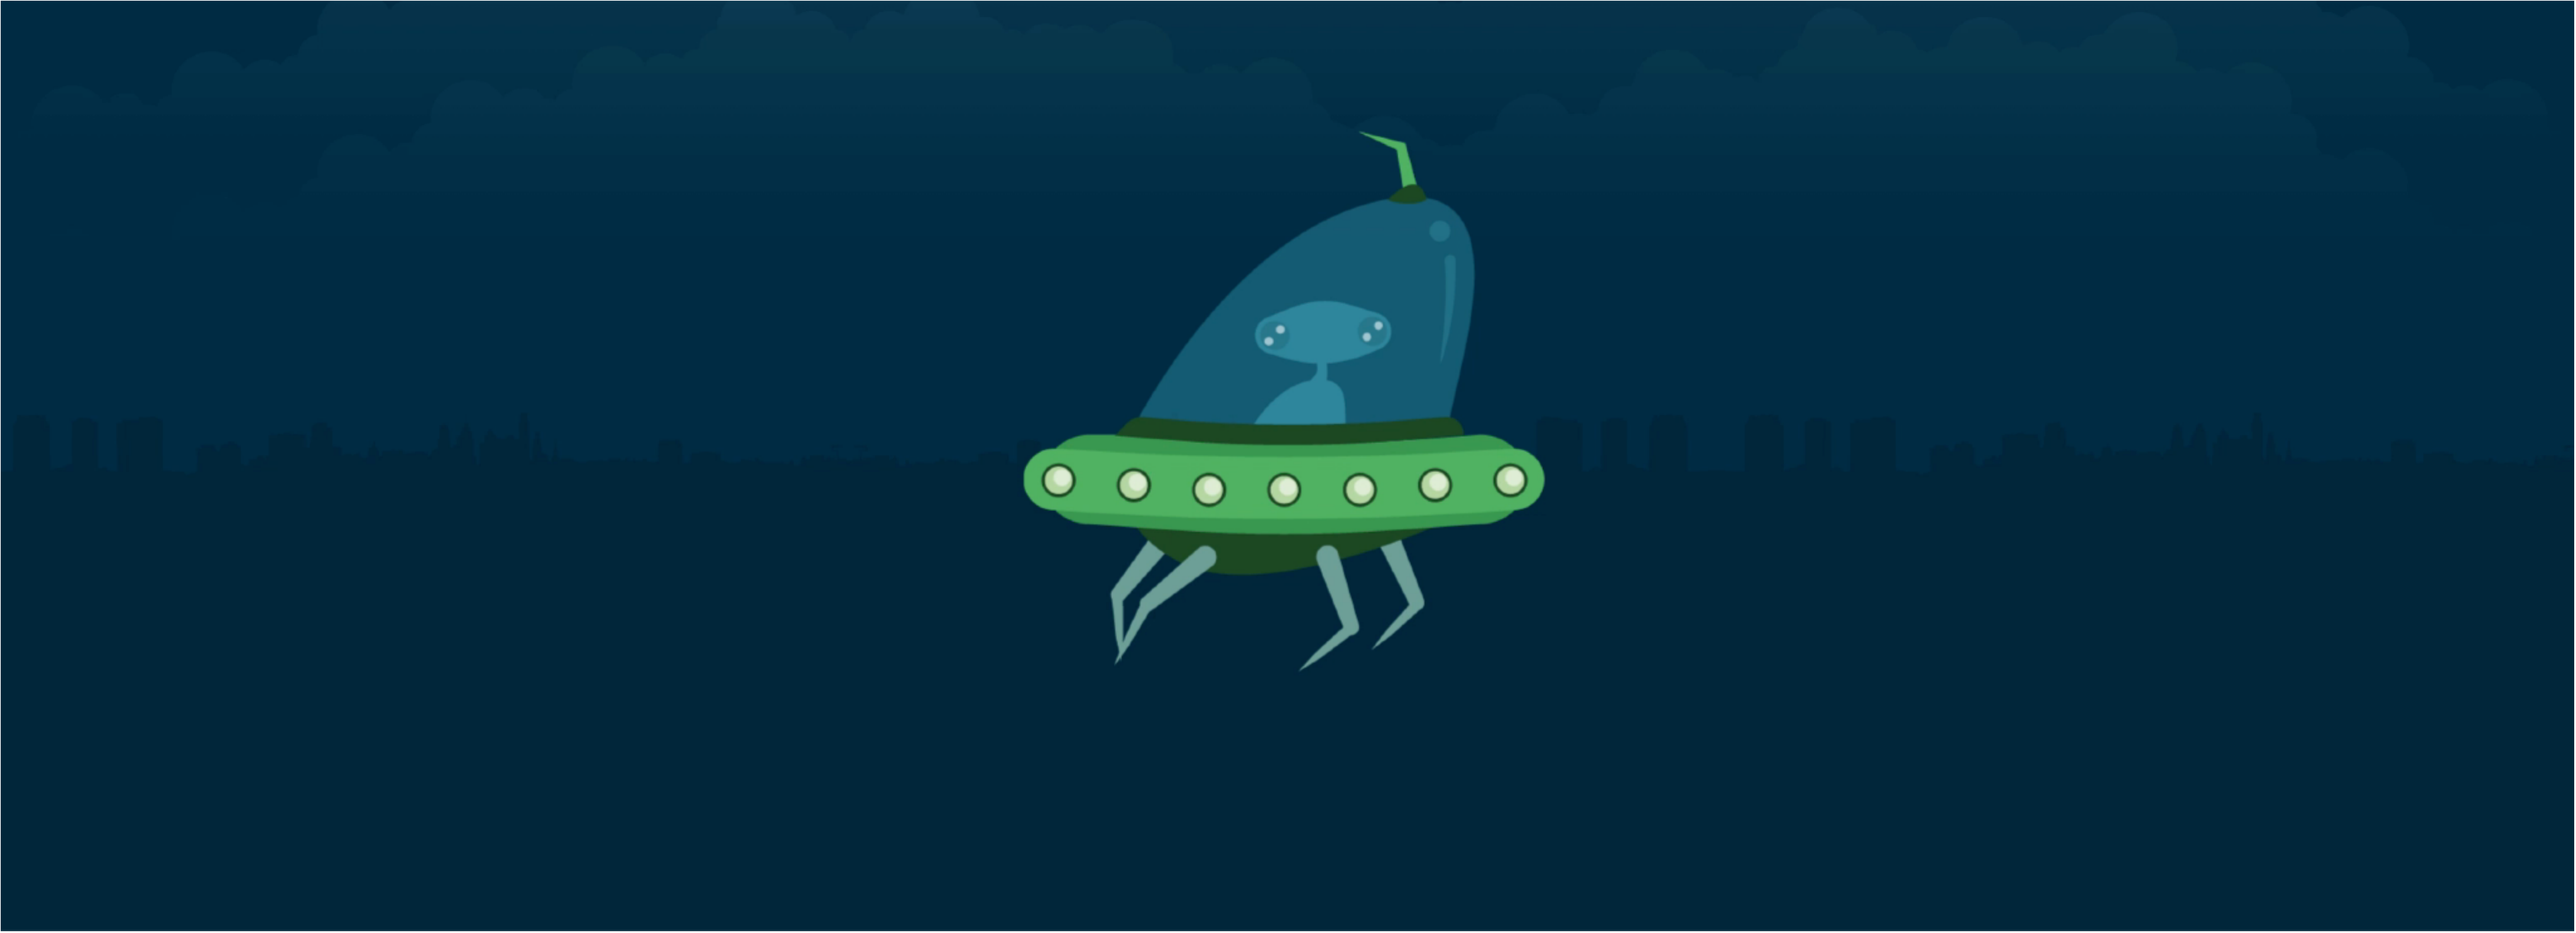
PUTTING IT ALL TOGETHER

CSS (SCSS)

```scss
.class {
  animation: nome-da-animacao 3s infinite alternate ease;
}

/* ou */

.class {
  animation-name: nome-da-animacao;
  animation-duration: 3s;
  animation-iteration-count: infinite; /* quantas vezes tocar a animacao */
  animation-direction: alternate; /* alternate "rebobina" a animacao no final */
  animation-timing-function: ease;
}
```



```
@keyframes float {
  0% {
    transform: translate(0px, 0px) rotate(0deg);
  }
  50% {
    transform: translate(20px, 80px) rotate(0deg);
  }
  100% {
    transform: translate(50px, -20px) rotate(5deg);
  }
}
```

```css
.spaceship {
  animation: float 2.8s infinite alternate ease-in-out;
  transform-origin: -10% 60%;
}
```
