Reusing animations in components

FLOATING BUTTON MENU

```html
<div class="floating-menu__wrapper">
  <transition name="fade">
    <div
      v-if="menuIsVisible"
      @click="toggleMenu"
      class="floating-menu__overlay"
    ></div>
  </transition>
  <button
    @click="toggleMenu"
    class="floating-menu__button"
  >
    <span class="-visually-hidden">{{ toggleButtonText }}</span>
  </button>

  <a
    v-for="(item, index) in childButtons"
    :key="item.text"
    :href="item.link"
    class="floating-menu__child"
    :style="calculateButtonStyle(index)"
  >
    <img :src="item.icon" class="floating-menu__child-img" :alt="it
  </a>
```
